#### Modelling

Become an EROTIC PHOTOART model - if or when you are in Sydney.

I offer \$250 for a two hour shoot; however, if you want a CD with the pictures to use on your website (on your own website as well as in your portfolio) we will do a straight trade (TFCD) with no money exchanged (but remember, the copyrights remain with me). In any case, you may use the shots as they appear on my website for your portfolio. You must sign a model release form ... however, the release is for use of the shots on this website and any printed material in conjunction with EROTIC PHOTOART only (a coffee-table book, magazine, calendar, exhibition prints etc) ... it is not an unlimited release, i.e. your shots will *not* be sold on freely (should third parties request to buy pictures, you will be consulted and an appropriate model fee will be negotiated.) My studio is in Cremorne Junction (between North Sydney & Mosman), go to my [About](#) page for info about myself.

**Please note:** All shoots for Erotic Photoart involve fully nude shots.
